PROFESSIONAL SUMMARY

Enthusiastic and self-motivated Electronics and Communication Engineering student with a strong interest in technology and innovation. Passionate about learning new concepts, solving real-world problems, and working collaboratively in team environments.

EDUCATION

- B.E.(ECE)-R P Sarathy Institute of Technology, CGPA-9.65,2027
 - H.L.C-Sri Ramalinga Vallalar higher secondary school,80%,2023
-

TECHNICAL SKILLS

Python, C Programming, Java (OOP Concepts), MySQL.

STRENGTHS

Quick Learner, Team Collaboration, Adaptability, Self Motivator.

PROJECTS

- Automatic Car Parking System using Arduino UNO
Developed an Arduino-based project to monitor and manage vehicle parking efficiently.
 - Smart Railway Heartbeat Detection Alert System
Designed to detects track faults and sends alerts to prevent accidents.
 - Border Alert System for Fishermen using GPS and GSM
Built a GPS-GSM based that warns fishermen when approaching international maritime borders.
-

ACHIEVEMENTS

- Attended Technical Conference
 - Participated in project expo event and paper Presentation
-

LANGUAGES

English, Tamil
